

HEATING, VENTILATION AND AIR CONDITIONING

SET YOUR MARK FOR SUCCESS.

The global HVAC market (heating, ventilation and air conditioning) is a highly competitive environment particularly characterized by enhancements in technology. CSA Group can combine Electrical Safety Testing and Certification, Energy Efficiency Verification, Gas Fired Certification and EMC Testing under one roof, but also very local service at your site is possible under a Witnesses Testing Program. For global market access, CSA Group can supply the CSA Mark for USA and Canada along with a CB style test report, providing access to the local markets of 70 countries worldwide under the IECEE-CB scheme for household products.
