Each day countless lives are saved by the use of electro-medical equipment. Innovative technology and a brand name play a crucial role, but even more important is the right certification mark enabling the sale of professionally used equipment in global markets, such as North America. With nearly 100 years of experience, CSA Group is a leading certification organization in North America, operating in more than 60 countries worldwide. We are accredited and accepted as an official testing and certification organization by the American National Standards Institute (ANSI), the Occupational Safety and Health Administration (OSHA), and the Standards Council of Canada (SCC). CSA Group is also accredited by the IECEE (IEC System for Conformity Testing and Certification of Electrotechnical Equipment and Components) as a National Certification Body in the CB Scheme.
THE CSA MARK

SHOWN AND KNOWN ON A BILLION PRODUCTS AROUND THE WORLD.

CSA Group’s certification mark is credible proof that your products meet the required safety standards and a visible assurance for regulators, buyers, specifiers, distributors, and others.

We provide you with the following services:

• Testing and certifying of energized active electro-medical equipment
• Global Market Access, e.g., North America, Brazil, China, Korea, Russia
• Testing and certifying in accordance with the CB Scheme
• Assessment of risk management documentation (ISO 14971)
• Assessment of usability of electro-medical equipment (IEC 62366:2007)
• Certification according to IEC 60601-1 / 3rd edition and national deviation

Our employees are highly qualified and participate continuously in targeted training programs. We will be at your side, from the initial development phase to the final certification of your product, supporting you with our extensive experience in product testing and certification. Thanks to CSA Group’s global network, you can be sure of finding specialists with in-depth knowledge of electro-medical equipment to cater to your needs locally.
